## QUALITY . SERVICE . VALUE

Due to the expanding market over the past year our small firm has grown considerably resulting in us employing 4 new members of staff, which now includes an Interior Designer, CAD technician along with two more administrators.

The demand for Bespoke Building Surveys on high value properties in and around London has grown at a fast pace, allowing us to now tailor our service specifically to meet the needs of these clients.

We are pleased to inform you that one of our Junior surveyors Tim Healey, has now completed his Building surveying degree, graduating with a 2.1 Honours.

We have also noticed the demand for houses over flats, for first time buyers in London has risen dramatically, but availability continues to be an issue.

### SOME OF OUR SERVICES INCLUDE:

- Residential Surveys
- Commercial Surveys
- Expert Witness
- Interior Design
- Party Wall Awards
- Measured Surveys
- Contract Administration
- Dilapidations
- Refurbishment
- Planned Maintenance
- Asbestos Surveys
- Dispute Resolutions
- License & Alterations
- Schedule of Condition
